Community Report

**Lisa Short, Executive Director**  
Cambridge Memorial Hospital Foundation

## IT'S HERE AND IT'S A GAME CHANGER!

We couldn't be more proud to share with you, our most loyal donors, that the new wing of Cambridge Memorial Hospital (CMH) is now open and serving our community. Through your generosity, you have helped us achieve this historic milestone. Your support is helping to provide the same exceptional care that CMH is known for, within a spacious new facility that offers the most modern equipment and technology to care for those we serve each and every day. CMH is a better place because of you.

As we boldly head into a bright future, we know that our hospital requires an investment of \$5 million annually to serve the needs of our growing community. Early in 2019, dedicated community volunteers and staff worked together to create a 3-year strategic plan to guide our Foundation forward. They created a vision for the Foundation that centres on inspiring our community to invest in healthcare. We hope this report inspires you to learn more about your local hospital and to find ways to work together to provide the very best for your family, friends and neighbours.

A special thank you to all donors recognized in this report. We celebrate and honour you and your understanding of how an investment in local healthcare makes a difference for all of us. It is because of you that patients like Pam and Baby Wyatt (page 2) had the equipment necessary to heal and be strong again.
